Att His Excellency, Ambassador, Mr. Vinsent Degert

PREDMET Poziv na završnu konferenciju Projekta „Tehnička pomoć implementaciji Nacionalnog programa screeninga tumora u Srbiji.“

METTER: Invitation to the Final conference of the project " Technical assistance for the Implementation of the National cancer screening programme in Serbia"

Po nama dostupnim informacijama od Evropskih Institucija, Vas Projekt -Technical assistance for the Implementation of the National cancer screening programme in Serbia" je pod istragom OLAFa (evropska organizacija za borbu protiv prevara i zloupotreba) zbog zloupotrebe sredstava javnih fondova EU ali i zbog cinjenice da ni u petoj godini sprovođenja nije implementiran u realan život.

According to available information from European Union institutions Your Project -Technical Assistance for the Implementation of the National Cancer screening programme in Serbia" is under OLAF's investigation (European Anti-fraud Office) because of the embezzlement of EU public funds and due to the fact that **event in the fifth year since its inception, the program has not yet been implemented in actual life.**

Kako je Srbija vodeca zemlja u Evropi po broju novobolenih i umrlih od ovih vrsta preventabilnih tumora, smatramo da bi ucesce na vasoj završnoj konferenciji bilo neumesno ruganje nesreci obolelih od raka u Srbiji.

Since Serbia is one of the leading countries in Europe in regard to new cancer patients and patients who have died from these types of preventable cancers, we are of the opinion that the participation at your final conference would be a mockery with tragedy of cancer patients in Serbia.
